Studies course:

**Study program for the
DTU – TUM 1:1 Program in Management**

Master in Management and Technology (TUM-BWL / TUM-WITEC)

TUM-students of the Master in Management and Technology (Track 1 TUM-BWL and Track 2 TUM-WITEC) with **management specialization** either in **Operations and Supply Chain Management** or in **Innovation and Entrepreneurship** are eligible for the 1:1 TUM-DTU studies. The student will follow an individual study plan, which has to be approved by both program coordinators at TUM and at DTU.

The students will study the first and the second semester at TUM. Students have to take the following courses in the first year at TUM: “Empirical Econ. Research”, Economics III“, „European Business Law“ and “Leadership & Organization”. After their first year at TUM students have accomplished 60 ECTS at TUM.

The students will study the third and the fourth semester at DTU. Depending on the management specialization at TUM, students have to select courses from the categories “Technological Specialisation” or “Elective Courses” at the Engineering Management program at DTU. For the “wirtschaftswissenschaftliche Wahlfach (elective in Management / Economics)” TUM-students can choose from the “Technological Specialisation” and the “Elective Courses” of the DTU Management Engineering Program. Furthermore, TUM-students can take DTU-courses in order to fulfill the requirements of the engineering track at TUM. However, these courses have to be agreed upon by the respective engineering or natural sciences department at TUM in advance.

Master thesis (30 ECTS) will be undertaken at DTU and co-supervised by a professor from TUM.
