Assessment procedure Bachelor in Management & Technology

Entrance Requirements

To be eligible to apply for the Bachelor in Management and Technology programme, applicants must:

- Have an Abitur (university entrance qualification) or similar
- proof English or German language proficiency (not necessary if you apply for Campus Heilbronn)

If your application fulfills all entrance requirements it will start with the first stage of the assessment procedure.

Stage 1. Final grade + individual grades

For applicants with a German Abitur, we will take the final Abitur grade into account, as well as the four individual half-year grades in Mathematics, German or English and an Advanced Natural Science subject.

For applicants with an international university entrance qualification, we will take the final grade and the grades received in the last two years of secondary schools in the subjects Mathematics, German or English and an Advanced Natural Science subject into account.

If you do not have any grades in one or more of the subjects Mathematics, German or English and an Advanced Natural Science subject, you will be invited to an interview directly. This applies also if we cannot assess your grades in one or more of these subjects.

<table>
<thead>
<tr>
<th>Overall Grade (65%)</th>
<th>$120 - (20 \times \text{final grade}) = \text{interim result 1}$</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>$\text{Interim result 1} \times 0.65 = \text{Result 1}$</td>
</tr>
<tr>
<td>Individual (half-year) grades (35%)</td>
<td>Mathematics Grade *2</td>
</tr>
<tr>
<td></td>
<td>+ Natural Science Grade *2</td>
</tr>
<tr>
<td></td>
<td>+ English or German Grade *1</td>
</tr>
<tr>
<td></td>
<td>Sum</td>
</tr>
<tr>
<td></td>
<td>$\text{Sum} / 5 = \text{interim result 2}$</td>
</tr>
<tr>
<td></td>
<td>$120 - (20 \times \text{interim result 2}) = \text{interim result 3}$</td>
</tr>
<tr>
<td></td>
<td>$\text{Interim result 3} \times 0.35 = \text{Result 2}$</td>
</tr>
<tr>
<td>Points at Stage 1</td>
<td>Result 1 + Result 2 = Final Result</td>
</tr>
</tbody>
</table>

You can get up to 100 points at the first stage of the assessment procedure. If you have 88 points or more, you will get direct admission. If you have less than 88 points, you will be invited to an interview.

Stage 2. Points for overall grade + Interview

If you move to the second stage of the assessment procedure, you will be invited to an interview. The interview is a group interview (5 applicants) which lasts around 50 minutes. The purpose of the interview is to see whether you have what it takes to successfully complete the degree. Your interest in current economic topics is important here, as is your interest in mathematics, engineering and/or natural science. You can get up to 100 points in the interview and you will be assessed by the following criteria:
The final result at stage 2 is calculated as follows:

\[
\text{Interim result 1} \times 0.5 + \text{interview result} \times 0.5 = \text{final result stage 2}
\]

You can get up to 100 points at the second stage of the assessment procedure. If you have 70 points or more, you will get admission. If you have 69 points or less you will be rejected.

**Important:** If you apply at Campus Heilbronn and Campus Munich/Straubing, you will have only one interview and the result is valid for both applications!

### Application Bachelor in Management and Technology

**Eligibility requirements**

- The application must meet all of the following criteria:
  - Abitur (university entrance qualification) or equivalent
  - Proficiency in either English or German. If you're applying with the German Abitur, no further proof of proficiency in either English or German is necessary!

**Stage 1**

- Admission
- Minimum 88 points or more

**Stage 2**

- Admission interview
  - Overall grade: 50%
  - Interview result: 50%

**Additional documents**

- Additional documents might be required. Find the list of required documents when filling in the online application form on TUMonline.
