GENERAL INFORMATION

- Application period for the Winter Semester: 1st of April – 31st of May
- Application period for the Summer Semester: 1st of November – 30th of November

STEPS FOR A SUCCESSFUL APPLICATION

1. To apply, please complete the application form via TUMOnline
2. If you did not obtain your qualification for postgraduate studies (usually a bachelor’s degree) in a country within the EU/EEA, you have to apply via Uni-Assist as well: https://www.tum.de/nc/en/studies/application-and-acceptance/uni-assist/
3. Once you have completed the online application form, you will receive a list of all additional documents that you need to send to the main enrolment office (“Immatrikulationsamt”), along with a printed version of your completed application form.

This list of documents includes the following (potentially more):

- Signed application form
- Bachelor’s degree certificates and transcript of records (notarized copy)
- Language certificate in English (original or notarized copy)
- Current CV
- Essay and statutory declaration (must also be uploaded to TUMOnline)
- Curricular Analysis (must also be uploaded to TUMOnline)
- GMAT certificate (optional)

4. After sending all the necessary documents to our enrolment office (Arcisstrasse 21, 80333 Munich), your application will be processed and evaluated by various departments. You will receive feedback on your application after roughly 2 months.

APPLICATION REQUIREMENTS – mandatory

- You have completed the online application via TUMOnline (and possibly Uni-Assist) and sent all the necessary documents correctly notarized to our enrolment office within the application period (exception: the VPD from uni-assist can be sent later, but you will have to have applied before May 31st)
- You have a Bachelor’s degree or equivalent of at least 140 ECTS in Management & Technology or in a comparable program with a main focus on both management and technology
- You have successfully completed modules worth at least 25 ECTS in management/business, 10 ECTS in economics and 15 ECTS in engineering or natural science (Maths, Statistics and IT may also count)
- You can prove your proficiency in English with one of the following options:
  - Your undergrad studies or education were in English
  - You have a TOEFL (minimum 88 points), an IELTS (minimum 6.5 points) or a CAE certificate
  - You have completed a minimum of 12 ECTS of modules in which the language of instruction was English
  - You have a GMAT with a minimum score of 600

APPLICATION REQUIREMENTS – optional

- A GMAT with a minimum score of 600
APPLICATION PROCEDURE

To help us select the very best applicants, we follow a two-stage assessment procedure. The Eligibility Commission decides to admit an applicant to the program based on the transcript of records and, where applicable, the additional, non-mandatory criteria. Candidates whose eligibility is still in doubt after stage 1 will move on to stage 2.

MASTER IN MANAGEMENT AND TECHNOLOGY

**STAGE 1:** We assess your...

- First-degree certificate or transcript of records, min. 140 ECTS (max. 59 points)
- GMAT Score (min. 600 points) (10 points)

...based on the following criteria:

- Specific courses from your undergrad degree (max. 50 points)
- Performance in first degree (GPA) (max. 9 points)

If the total score is 51 points or more, admission is granted. Otherwise, the candidate is rejected.

**STAGE 2:** We assess your...

- First-degree certificate (between 45 and 50 points)
- Essay (max. 40 points)

If the total score is 70 points or more, admission is granted. Otherwise, the candidate is rejected.
