Scientific Employee (Doctoral student) (m/f/x) in Entrepreneurship / Family Enterprise
(100%, TV-L E13)

TUM School of Management at TUM Campus Heilbronn invites applications for a scientific employee (m/f/x) at the level of E 13 TV-L (public sector pay scale) at the newly founded Global Center for Family Enterprise (Prof. Dr. Miriam Bird). Expected starting date is April 2021 or by mutual agreement. The doctoral student is expected to work and conduct research in the area of entrepreneurship / family enterprise. The position (m/f/x) is limited to 36 months (extension for another 12 months is possible).

About us…
Founded in 2002, TUM School of Management is part of TUM, one of the leading technical universities in the world. TUM was one of the first universities in Germany to be named a University of Excellence. With its strong research environment and close ties to industry, the school constantly scores well in rankings, currently listed as the strongest German business school for research, and #9 in Europe for M.Sc. programs in entrepreneurship. The TUM Campus Heilbronn is a dynamic organization whose goal is to achieve excellence in research, teaching and impact.

We offer…
• the opportunity to work on international research projects (e.g., entrepreneurial teams) at one of the most prestigious universities in Europe.
• the opportunity to present your work at international conferences and publish your work together with members of the research team in leading journals,
• the possibility to contribute to teaching activities at the Global Center for Family Enterprise,
• provision of training as well as developmental support and
• active involvement in the Center’s outreach activities.

We look for…
• a team player with completed master's degree in management, (organizational) psychology, sociology, finance, economics, business informatics, or related subjects,
• with a strong passion for entrepreneurship and/or family business research,
• with a solid knowledge of empirical research (quantitative or qualitative) methods,
• with knowledge of statistics and ideally statistical software programs such as Stata, SAS or R (skills in working with large datasets are highly desirable) and,
• excellent organizational and oral/written communications skills (command of the German language is an asset but not a must).

Application
Please send a cover letter (specifying a possible starting date), your CV, and relevant university and work certificates in one pdf-file to bewerbungen.gcfe@wi.tum.de. Closing date for applications is February 4, 2021.

For further information about this position please contact Ms. Lena Vorsatz (lena.vorsatz@tum.de). As an equal opportunity employer, TUM explicitly encourages applications from women as well as from all others who would bring additional diversity dimensions to the university. Preference will be given to disabled candidates with essentially the same qualifications. The position can also be filled as a part-time position.

As part of your application, you provide personal data to the Technical University of Munich (TUM). Please view our privacy policy on collecting and processing personal data in the course of the application process pursuant to Art. 13 of the General Data Protection Regulation of the European Union (GDPR) at https://portal.mytum.de/kompass/datenschutz/Bewerbung/. By submitting your application, you confirm to have read and understood the data protection information provided by TUM.
