PART A: Curriculum Analysis – Instructions

In accordance with Annexure 2 of the Examination and Study Regulations of the Master’s Program in Management, the Assessment Commission uses a curricular analysis to assess your eligibility and aptitude.

Step 1: Registration

Please fill out the registration form. The link to this form will be provided at the very end of your TUM Online application.

After registering, you will get an e-mail with your login information (please save it somewhere)

Step 2: Entering Courses (Curriculum Analysis)

After registration please enter modules/courses, grades and credits (ECTS) according to the Transcript of Records of your undergraduate studies (Bachelor Degree Program) in German or English.

List them according to the following subject groups:
1. Fundamental subjects in Engineering (for example, Mechanical Engineering, Electrical Engineering, Civil Engineering & Surveying, Architecture)

2. Fundamental subjects in Natural Sciences (for example, Natural Sciences, Computer Science, Chemistry, Physics, Mathematics, Nutritional Science, Sports Science or equivalent)

3. Fundamental subjects in Management & Economics (for example, Finance, Marketing, Accounting, Macroeconomics)

4. All other subjects

Please assign all modules/courses that do not fit in one of the above-mentioned subject groups (no. 1-3) to the category no. 4: All other subjects.

If you have already written or are currently writing your bachelor thesis please insert the title of it.

Please note that all compulsory and elective modules must be listed and correctly assigned! Make sure you enter each subject only once. **Additional modules that are not part of your study program should not be listed.** Please find an example below:

<table>
<thead>
<tr>
<th>Name of Module from your Core Study</th>
<th>Credits</th>
<th>Marks</th>
</tr>
</thead>
<tbody>
<tr>
<td>Engineering Mechanics</td>
<td>6</td>
<td>2.0</td>
</tr>
</tbody>
</table>

Please enter the name of the course/module as stated on the transcript (Leistungsnachweis) in German or English.

Please enter the number of credits you have gained for the course as indicated on the transcript.

Please enter your grade as indicated on the transcript. Foreign grades do not need to be transferred into the German grading system.
STEP 3: Submission

Before sending the form online, please verify if all your entries are correct and complete.
If you have any questions, please contact admission@wi.tum.de

FAQs

Can I also list modules from my master studies or previous study programs?
No, you are only allowed to insert courses of one bachelor program (undergraduate degree program).

Can I also list modules that I will finish after my application?
No, you are only allowed to insert completed courses that are listed in your Transcript of Records.

I did not get a grade for the course, should I list it?
Yes, please list all modules of your transcript of records. If you did not get a grade please leave the grade field blank.

I'm not sure which category my course fits into. What should I do?
Please put it into the "all other subjects", if you are not sure.

Should I convert grades into the German grading system and credits into the ECTS system?
No, please enter the classes exactly as they appear on your transcript of records. If any conversions are necessary, they will be done by TUM.

Which language should the courses listed be in?
Please enter the classes exactly as they appear on your transcript of records (German or English). In case you are applying with a translated copy of a transcript of records, please use the translated title (German or English).

Can I enter non-numerical grades (such as A, B …)?
No, the system in use cannot process non-numerical grades. In this case, please leave the grade field blank, we will use the information in your transcript for reference.

PART B: Further information about the assessment process

1. Entrance Requirements

To be eligible for the Master in Management, applicants must hold a Bachelor's degree (requiring at least 6 semesters of study) or equivalent in Engineering (Mechanical Engineering, Electrical Engineering, Civil Engineering & Surveying, Architecture or equivalent) or Natural Sciences (Natural Sciences, Computer Science, Mathematics, Nutritional Science, Sports Science or other). A comprehensive list of all qualifying first-degree-disciplines are listed in the most-current statute, which can be found here (currently only available in German).

Applicants with a background in a program that combines both engineering/natural science and management-related or other subjects, such as Industrial Engineering, are usually eligible to apply for our Master in Management and Technology program: https://www.wi.tum.de/programs/master-mt/application/
2. Assessment of final bachelor's degree grade

Up to 15 points will be given for your overall final bachelor's degree grade. If you apply with a bachelor's degree from a foreign country and / or with a grade of grading system other than the German one, your grade will be converted into the German grading system using the Bavarian formula by TUM. Please refer here for more information: https://www.tum.de/nc/en/studies/application-and-acceptance/grade-conversion-formula-for-grades-earned-outside-germany/

Alternatively, we consider a Ranking Certificate from your university, if it can award you with more points than through your grade: A maximum of 15 points are allocated to the ranking position of the degree. The ranking positions among the best 1-20% receive 15 points, ranking positions among the best 21-30% receive 9 points, for ranking positions of 31-50% 6 point is awarded.

</tbody>
</table>

3. Result of stage 1

The points from your bachelor degree and your final grade will be combined. If you submitted a valid GMAT certificate as part of your application (at least 600 points), 10 additional points will be added.

The result of stage 1 leads either to a direct admission, rejection or to stage 2 where your Essay will be evaluated as also evident in the following chart:
4. **Stage 2 / Evaluation of Essay**

In case the Essay is relevant for the final assessment, it will be evaluated based on the following criteria, the maximum point score for the essay is 40 points:

- To present skills in scientific-logical reasoning with basic and methodological textual structure as well as writing the essay in a scientific manner with correct indication of sources (max. 20 points)
- Classification of the topic in the context of Consumer Science (max. 10 points)
- English-language expressiveness (max. 10 points)

5. **Result of stage 2**

The final result in stage 2 is the combined point total from stage 1 (**GGMAT not being considered in stage 2**) and the total points achieved in the evaluation of the Essay. If the combined total is 80 points or more, the application will be accepted (admission), if the total point score is 79 points or less, the application will be rejected.

Please note that this information sheet is not legally binding nor do we guarantee for its correctness and completeness! The only legally binding document is the statute (“FPSO”) in its most current version, available for download here: [https://www.wi.tum.de/programs/master-consumer-science/downloads/](https://www.wi.tum.de/programs/master-consumer-science/downloads/)
