Engagement for incoming exchange students

Option 2: Accommodation offer

- You can sublet an apartment or room during your own stay abroad to an incoming student of the TUM School of Management in accordance to TUM semester periods.

- **Conditions of Participation and Accommodation offer** must be handed in together with the application and are binding!

- Advantage for TUM students: short and fast application, no additional organizational effort (International Office will be the contact person).

Conditions for participation in the TUM SOM Accommodation Database

Binding for all students who seek to profit from their participation in the accommodation database within the application procedure for the TUM SOMex (incl. ERASMUS+) program.

Important Information

By accepting the accommodation offer, together with the application for TUM SOMex (incl. ERASMUS+), a subletting student commits himself/herself to make an accommodation available, which fits to the condition of the sublet (plotted below) to one of the incoming exchange students at TUM School of Management. A subletting student hereby agrees that his/her contact details will be forwarded to interested incoming exchange students. In the case that you will not get your first priority (country and/or period abroad) you are still obliged to sublet an accommodation to an incoming exchange student for one semester. You are not obliged to sublet your accommodation if you are not nominated but decide not to take the offer. The sublet must take place during the academic year that you are abroad (see point 1 of Condition of the sublet).

Refusals of requests of incoming students for the accommodation will only be accepted in case of substantive reasons. If a subletting student receives more than 3 requests from 3 different incoming students, no reason for refusal will be accepted and the subletting student must sublet/their apartment to one of the applicants. If applicants were refused without any substantive reasons or if a subletting student refuses more than 3 requests, the TUM SOM ID reserves the right to withhold the subletting student from the TUM SOMex (incl. ERASMUS+) program and cancel his/her nomination with our partner university.

Benefit of a participation in the TUM SOM Accommodation Database

A participation in the TUM SOM Accommodation Database counts as an engagement for incoming exchange students and will be acknowledged as a 10% bonus within the application for TUM SOMex (incl. ERASMUS+) at TUM School of Management.

Condition of the sublet

1. Duration of the sublet: The accommodation to be sublet has to be available for the incoming exchange student during the following periods of time (mandatory):
   - For a sublet within the winter term: beginning October - end of February
   - For a sublet within the summer term: beginning April - end of August

2. Rent: In order to guarantee fair prices to students, the rent must not exceed the current prices per square meter according to the "Münchner Mietpreisindex" (price per square meter approx. € 10 - 17).

### Statistics

**Please note:** Take into consideration all academic years listed below, in order to see how the nomination rates developed. Most exchange places are assigned via the first preference.

*Explanatory note: General speaking: The higher the percentage, the more likely it was in the indicated academic year to receive an exchange place at this university. Example: Queensland University. In 2020/2021 40% of the students who selected this university as their first preference, received an exchange place at that university.*

Chances to be nominated

Questions regarding your individual chances to be selected cannot be answered

- No „minum grade point average“ per partner university
- Chances depend on number of applications per university and how they compare among each other.

Please note: The statistics cannot look into the future, it just shows the nomination rates of previous academic years.

Other ways to go abroad

Freemover

- Self-organised study abroad
- No financial support by TUM
- Not all universities accept Freemover

If you are not participating in a structured program such as TUM SOMex (incl. ERASMUS+) or TUMexchange for your study abroad, you will be classified as a "Freemover". This means that you will be organizing your studies abroad yourself and will have to cover tuition fees. Useful information for Freemovers can be found here.

Please check your desired university at the Anabin Database to ensure that courses abroad can be recognized at TUM School of Management. Courses from universities with an H+ status are eligible for recognition. If your desired university has a different status, please contact the International Office via outgoing@wi.tum.de.

For further details concerning credit transfer, have a look here (section 12). For further support, please contact the International Office of TUM School of Management.

A new normal

International student exchange has changed with the experience of the COVID-19 pandemic:

Required flexibility:

• Plans might change depending on the current situation in the host country (i.e. earlier arrival date and additional costs due to quarantine)

• There might be new rules at the host university (i.e. limited course selection, required vaccination)

Possible travel regulations by the Federal Foreign Office

Keep yourself informed!
