Student Assistant / Tutor for the Production and Logistics Course (m/f/d)

Prof. Dr. David Wuttke is looking for a Tutor to support in teaching the course Production and Logistics starting at the earliest date possible. Your main responsibility will be to help students in solving tasks and discussing solutions. As tutor, you will be part of our vibrant team located at our Heilbronn Campus. Working hours are flexible and can be between 20 and 40 hours per month. The position is initially limited for 6 months, but the option for extension is given. A longer-term cooperation is desired.

We offer…

• very attractive tasks (share your knowledge and skills with new students),
• mostly flexible working hours,
• learning opportunities (teaching is like reviewing basic concepts and getting paid for doing so),
• the chance to gain insight into research and teaching during your studies,
• the opportunity to work with virtual reality in education.

We are looking for team players…

• who are currently enrolled in a master’s program
• who have passed the course Production and Logistics with substantially above-average grades,
• who are interested in and enthusiastic about teaching, and
• who have strong English skills.

Tasks (Among Others)

• Support students in doing exercises and discussing solutions
• Help making our lectures more interactive and student-centric

Application

Please send your application (including a short CV, short motivational letter and a current transcript of records) via e-mail to Prof. David Wuttke at david.wuttke@tum.de, quoting the keyword “Student Assistant / Tutor for the Production and Logistics Course”. For further information regarding this job offer please also contact Prof. Wuttke. The application deadline is (midnight on) Friday, 19th February 2021.
TUM strives to raise the proportion of women in its workforce and explicitly encourages applications from qualified women. Applications from disabled persons with essentially the same qualifications will be given preference.

Being one of the best schools of management in Germany, the TUM School of Management is building a unique bridge between management and technology within an international teaching and learning environment. With our triple accreditation (AMBA, AACSB und EQUIS), our focus is on high quality in research and education. Our Heilbronn Campus, where this position will be located, is shaped by great opportunities and flexibility that foster an international environment.
