Specialization in technology - Medicine

Attention
Limited number of participants (48)

Only students starting in \textit{winter semester} 19/20 and later may choose this specialization.

This is the only technical subject which you have to apply for.

How to apply?
The application can be submitted once a year for the following summer semester at the latest by the end of the first lecture week of the summer semester.

Main criteria for the selection
First, all applicants are considered who have successfully accomplished the compulsory modules of the first semester:

"Foundations of Entrepreneurial and Ethical Business"

What if?
If more applicants fulfill these requirements, they will be ranked according to the average of the module grades in these compulsory modules.

If there is equality, the places will be given by lot.
