Bachelor’s Program – Student Counseling Team

Senior Program Manager: Christine Geiger
Program Coordinator: Ellinor Granström

Student Assistants: Katrin Eisenmenger, Melissa Lembke

Christine Geiger (TUM) | BMT Welcome Session | October 6, 2021

Additional phone consultation hours during the next weeks:
Monday, October 18&25, 2 pm – 4 pm
Tuesday, October 19&26, 2 pm – 4 pm
Agenda

Program structure

• Overview of the program
• Specialization in technology
Program Structure

Bachelor’s Program in Management & Technology (TUM-BWL)
(180 Credits – 30 Credits/Semester)

Electives in Management & Technology
Elective modules (18 Credits)
Deeper specialization in technology and/or in the following business specializations:
- Finance & Accounting
- Innovation & Entrepreneurship
- Marketing, Strategy & Leadership
- Operations & Supply Chain Mgmt.
- Economics & Policy

Basics in Business
Required modules (54 Credits)
- Foundation of Entrepreneurial and Ethical Business
- Production and Logistics
- Strategic and International Management & Organizational Behavior
- Empirical Research Methods
- Marketing and Innovation Management
- Management Science
- Financial Accounting
- Cost Accounting
- Investment and Financial Management

Specialization in Technology
Compulsory/elective modules (42 Credits)
Selection of one of the following subjects in Engineering / Natural - or Life Sciences:
- Mechanical Engineering
- Electrical- and Information Technology
- Chemistry
- Informatics
- Computer Engineering (100% English)
- Medicine (selection process, limited number of places)

Basics in Mathematics & Natural Sciences
Required modules (12 Credits)
- Mathematics in Natural and Economic Science 1
- Statistics for Business Administration

Basics in Economics
Required modules (12 Credits)
- Economics I
- Economics II

Bachelor’s Thesis
(12 Credits)
International Experience (3 ECTS) & Communication Skills (3 ECTS)
Required modules

Project Studies
Required module (12 Credits)

Christine Geiger (TUM) | BMT Welcome Session | October 6, 2021
**Ideal Study Plan**

- Choosing Computer Engineering, you can study 100 % in English
- Medicine: special selection process (see legal regulations; info session in January)
- [Link to ideal Course Schedules](#)
Specialization in technology

Attention:
An additional info session about the *specializations in technology* and further important legal regulations will be held!

*When?* Probably in January; date TBA

*Where?* TBA

Until then, check out our videos for each specialization:
[YouTube](#)

Christine Geiger (TUM) | BMT Welcome Session | October 6, 2021
Specialization in technology - Medicine

Attention
Limited number of participants (48)
Only students starting in winter semester 19/20 and later may choose this specialization.
This is the only technical subject which you have to apply for.

How to apply?
The application can be submitted once a year for the following summer semester at the latest by the end of the first lecture week of the summer semester.

Main criteria for the selection
First, all applicants are considered who have successfully accomplished the compulsory modules of the first semester: "Foundations of Entrepreneurial and Ethical Business" "Management Science", "Financial Accounting", "Economics 1 - Microeconomics" and "Mathematics in Natural and Economic Science 1"

What if?
If more applicants fulfill these requirements, they will be ranked according to the average of the module grades in these compulsory modules.
If there is equality, the places will be given by lot.

Important information
Detailed information can be found in the legal regulations (Bachelor's download section on wi.tum.de)

Agenda

Your first semester

What are my classes in the first semester?

- Students who have never studied before
- Students who have already studied somewhere else
Where can I find the course schedules?

You can find the course schedule under “Course Schedules” on our website: [Course Schedules](#)

**COURSE SCHEDULES WS 21/22**

1st semester students English track (as of 28/09/2021)

1st semester students German track (as of 28/09/2021)

Christine Geiger (TUM) | BMT Welcome Session | October 6, 2021

</table>

German vs. English Track:

- If you want to avoid German lectures, choose the English track and opt for Computer engineering as your specialization. When studying the German Track you can select from a broader range of specializations.

Good to know:

- Mixing up the “German” (bilingual) and the English track is possible and allowed – **BUT** risk of overlapping courses/lectures and exams

Christine Geiger (TUM) | BMT Welcome Session | October 6, 2021
As a general rule:

Please do not tick any boxes, when you select courses.

You cannot change the choice yourself!

Worst case scenarios

- What happens if I can't cope with the workload in my first semester?
- Will I get deregistered after failing the exams?
By the end of the second semester, students must have passed at least three of the four following exams: Mathematics I, Management Science, Statistics I, Economics I.

<table>
<thead>
<tr>
<th>Winter term</th>
<th>Summer term</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Mathematics I (regular and retake exam)</td>
<td>• Statistics I (regular and retake exam)</td>
</tr>
<tr>
<td>• Management Science (regular exam)</td>
<td>• Management Science (retake exam)</td>
</tr>
<tr>
<td>• Economics I (regular exam)</td>
<td>• Economics I (retake exam)</td>
</tr>
</tbody>
</table>
In case students do not earn the required number of credits by the end of the semester in question, they will be considered to have failed the modules and will be officially withdrawn from university enrollment.
• To whom can I address further questions regarding the Bachelor’s program?
• Where can I easily find information by myself?
Further questions regarding the Bachelor’s program?

Your buddy stands also at your side in case of questions and issues.
Bachelor in Management and Technology

Coronavirus: Studies, Teaching and Exams:

- **Return to Campus**: On-campus teaching becomes once again the rule
- **“3G rule”**: access to on-campus courses only with proof of testing, vaccination or recovery if the 7-day incidence exceeds 35; exemption for on-campus exams
- **Medical or FFP2 masks** required in all rooms and buildings
- **Contact Tracing** with [QRONITON](#)
- **Examination and other deadlines**: For winter semester 2021/22, no special conditions apply

Please inform yourself regularly about the latest developments and decisions concerning the handling of COVID-19.
