PhD position in Supply Chain Management / Research Assistant (m/f/d)

We have an open PhD position in the area of Supply Chain Management (supervisor: Prof. Dr. David Wuttke). You would be working as part of our vibrant team located at our Heilbronn Campus. This position combines high quality research with state-of-the-art teaching. You would support the digital transformation of education, specifically leveraging virtual reality technology. This is a three-year full-time position with attractive payment (E13 TV-L; state employee’s salary scheme).

Being one of the best schools of management in Germany, the TUM School of Management is building a unique bridge between management and technology within an international teaching and learning environment. With our triple accreditation (AMBA, AACSB und EQUIS), our focus is on high quality in research and education. Our Heilbronn Campus, where this position will be located, is shaped by great opportunities and flexibility that foster an international environment.

We offer...
- the opportunity to study in a structured doctoral program in one of Germany's finest universities,
- individual supervision with frequent meetings and feedback,
- national and international cooperations,
- the chance to actively engage in joint research projects, and
- the opportunity to explore and leverage extended reality technology in the management context.

We seek a team player...
- with a very good master's degree (either in management, business, economics, mathematics, engineering, informatics, or related disciplines),
- with enthusiasm for virtual reality and/or augmented reality,
- with programming skills and good mathematical skills, and
- with an excellent command of English.

We conduct research on...
- supply chain finance,
- supply chain risk management,
- digital transformation: augmented and virtual reality use in operations and supply chain management, and
- behavioral operations management.

Application Process

Please submit a motivation letter including CV and scans of study certificates via email to bewerbungen@wi.tum.de. If you have any inquiries, please feel free to contact me personally at david.wuttke@tum.de. Deadline for application submission is September 15, 2020.

TUM strives to raise the proportion of women in its workforce and explicitly encourages applications from qualified women. Applications from disabled persons with essentially the same qualifications will be given preference. It is also possible to work in part-time.

Data privacy

As part of your application, you provide personal data to the Technical University of Munich (TUM). Please view our privacy policy on collecting and processing personal data in the course of the application process pursuant to Art. 13 of the General Data Protection Regulation of the European Union (GDPR) at https://portal.mytum.de/kompass/datenschutz/Bewerbung. By submitting your application, you confirm to have read and understood the data protection information provided by TUM.
